On Wednesday, the 8th of Sept. next. The site of the College, the buildings, the arrangements for study and comfort, and the Faculty, deserve here a passing notice. Terre-Haute, the si'e of the College, is a beauiful and healthy city, accessible by Railroad and appreciating population. It is high as its name imports. From statistics it is clearly shown that for several years past, there have been fewer deaths and less sickness here than at any western city, of equal population. The buildings will be fitted up in the latest style and with all the modern improvements. They will be warmed by steam and lighted by gas, and furnished with warm and cold baths,
